

ActonArt Supply Lists

This document lists the art supply kits that we are providing to students in each class/level this fall*.

In some classes we have also indicated OPTIONAL materials if you would like to acquire any of them before classes begin. None of the optional supplies are required to complete any of the Fall projects.

If you do wish to purchase optional materials good places to look are Michaels, AC Moore or Blick Art Stores. If you have a local art store nearby they may have items you're looking for as well. If you wish to order online we suggest you try Blick first. They are one of the largest online art supply companies and will have the best inventory.

Please let us know if you have any questions regarding this.
